Re: RE: Application No. 10/086,226

Ms. Lockett,

Please find attached claims 1 through 4 amended per your request. I have defined the function and composition of the two way truss rod assembly, thereby distinguishing it from the strengthening beams. Removed the term "the assembly" where it was antecedent. Thank You very much for your help. I will call and leave you a message of the transmittal of this fax. Please call me at your earliest convience if more changes are necessary.

Lynn Mace
